

## Chapter 2 Game

### RIGHT PRICE RACE

#### Ready

##### You will need:

Store advertisements (toy store, supermarket, etc.)

Timer or clock or watch with second hand

Paper and pencil

#### Set

Organize the players into two teams.

#### GO!

1. Have the first team choose 2 items from the advertisements and record the prices. Prices must be at least \$1.00 apart.
2. Start the clock or timer.
3. Have the second team find 3 items in the advertisements:
  - a. an item that costs less than the 2 chosen
  - b. an item that costs more than the 2 chosen
  - c. an item priced between the 2 chosen
4. Stop the clock when all 3 items have been found. Record the time.
5. Repeat the steps, allowing the second team to choose 2 items. The first team must then find items to meet the criteria named in step 3.
6. Award the team with the shorter time 5 points.
7. Continue playing until one team has earned 20 points.
