

# Grade 4

## Chapter 3 Extension Project

### **Objective:**

Students will create a math game, based on a favorite game or format

### **Requirements:**

- The game must involve addition or subtraction of whole numbers.
- Students can work as partners or individually to decide on the kind of game and the overall design.
- They will make the game board, list of rules, how to win, and provide computational practice (how will the players do the addition and subtraction)

### **Scoring Rubric:**

- Students will play each other's game and decide on a favorite
- Please print scoring rubric and attach to presentation or a copy of this page.
- Include name at the top.

### **Completion Date:**

Games are due within 1 week of the completion of Chapter 3

**Chapter Project Rubric**

<b>Score</b>	<b>Explanation</b>
3	Student successfully completed the chapter project. Student demonstrated appropriate use of chapter information in completing the chapter project.
2	Student completed the chapter project with partial success. Student partially demonstrated appropriate use of chapter information in completing the chapter project.
1	Student did not complete the chapter project or completed it with little success. Student demonstrated very little appropriate use of chapter information in completing the chapter project.
0	Student did not complete the chapter project. Student demonstrated inappropriate use of chapter information in completing the chapter project.
