

Game**CALCULATE THE CARDS****Ready**

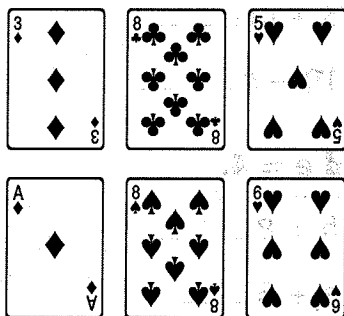

Deck of cards
Paper and pencil

Set

Remove the face cards and jokers from the deck.

GO!

- Deal 6 cards to each player.
- Arrange the cards to create a subtraction problem.
- Find your difference!
- Award the player with the greatest difference 3 points.
The player with the least difference receives 1 point.
- Shuffle all the cards and deal again.
- Continue play until one player reaches a score of 10 or more.
